

Renovation and Design Assistant

The Renovation and Design Assistant will work with management to facilitate the Smart Farm Affordable Housing Initiative. Learn more about the Smart Farm Project: <http://smartfarmproject.org>

Job includes:

- Working with the project supervisor to produce an over-all site plan for landscape improvements to The Art Farm
- Assisting in the design and construction of landscape improvements to accommodate ongoing Art Farm programming
- Assisting in the design, renovation and completion of existing structures to accommodate studio residences and on-going Art Farm programming

Qualifications and Requirements:

- Class 5 Driver's License
- Some experience with construction, carpentry and general labour
- Some experience with technical design
- Some experience with landscaping/gardening
- Minimum high-school level education
- Interest or experience working with arts-based organizations
- Ability to work independently, and effectively exercise tact and discretion
- Strong organizational skills and keen attention to detail
- Ability to exercise initiative

Terms of Contract:

This is a contract position that will begin Oct 19, 2020 and will end Aug 20, 2021.

To Apply:

This is a provincial government funded program. Applicants must register with WorkBC to determine if they meet eligibility requirements. Applications are due no later than Oct 7, 2020.
